

HEAVY EQUIPMENT OPERATOR

Job Overview

We are seeking an experienced and skilled Quarry Heavy Equipment Operator to join our team. The successful candidate will be responsible for operating heavy equipment in a quarry setting, ensuring efficient and safe production of aggregates. Pay will be commensurate with experience.

Responsibilities

- Operate heavy equipment such as excavators, loaders, bulldozers, and haul trucks, in a safe and efficient manner.
- Load and haul materials, such as rock, dirt, and aggregates, within the quarry.
- Assist in maintaining a clean and organized work area, adhering to safety standards and regulations.
- Perform routine maintenance and inspections on equipment, reporting any issues or concerns.
- Collaborate with other quarry staff to meet production targets and ensure smooth operations.
- Adhere to company safety policies and procedures, as well as regulatory requirements.

Requirements

- 1-5 years of experience operating heavy equipment in a quarry or similar environment.
- Strong knowledge of heavy equipment operation, maintenance, and safety procedures.
- Ability to work in a fast-paced, dynamic environment.
- Excellent communication and teamwork skills.
- Physical ability to work in a quarry environment, including exposure to dust, noise, and varying weather conditions.

Preferred Qualifications

- Valid heavy equipment operator's training certification or license.
- Experience with specific types of heavy equipment, such as Caterpillar or Hyundai.
- Quarry-specific experience or knowledge of aggregate production processes.

What we Offer

- Competitive pay commensurate with experience.
- Opportunities for professional growth and development.
- Comprehensive benefits package
- A dynamic and supportive work environment.

If you are a skilled and experienced heavy equipment operator looking for a new challenge, we encourage you to apply.
